ARMIN HORN

Patent No. 6,922,903

Granted August 2, 2005

METHOD AND APPARATUS FOR
MEASURING BENT WORKPIECES

Honorable Commissioner of Patents
and Trademarks
Washington D.C. 20231

Sir:

Our File TAIG-1013/30538

In reviewing the claims of the captioned patent, a typographical error was noted and it is respectfully requested that this letter be made of record in the patented file since it is believed that the error is of such obvious nature as to preclude any misunderstanding as to claim scope.

More particularly, the brackets ([]) should be removed from column 8 lines 29, 34 and 38. The error is typographical and is obvious so that we believe a certificate of correction is not necessary.

Respectfully submitted,

Attorney for Patentee(s)
